

SURPRISE ME

Flex worker

If you like surprises and do not know what function as a volunteer you like best (or you like all of them!), the flex team is the place to be for you! As a flex worker, you reside in the volunteers' homebase and you work as a stand in. You make sure that the schedule is always filled when there are gaps and that there are no unoccupied positions. One moment you'll work as catering crew member, the next you'll work as bar staff, hall manager or entrance coordinator. If you have no preferences, you like all voluntary functions and you want varied working places and times, sign up as a flex worker!

You

- Are flexibel
- Are multidisciplinary
- Are curious to all things a festival has to offer

As a flex worker you're employable at multiple voluntary functions and improve your adaptability. You'll work at a lot of different places, and you'll get a good look behind the scenes of all the different areas of the festival.

Working hours: during the festival, between 09:00 and 23:00.
