

Registration for the Dutch Short Film Pitch 2025

Application Criteria:

- > The deadline for registration is the 2nd of February 2025.
- > The application concerns an audiovisual project in an early development phase or a work-in-progress. Projects in the post-production stage are not eligible.

- > The application is for a plan for a short film with a maximum length of 40 minutes.
- > The application involves a plan for independent film production. The film is not made on behalf of a third party, such as an organization, company, or brand.
- > A maximum of one film project can be submitted per director.
- > There are no restrictions on the type of film/category/genre. So fiction, documentary, animation and experimental films are all eligible for selection.
- > An online pitch training will be provided to the selected filmmakers, which will take place in the first week of March. Applicants are expected to attend this training session.
- > The Dutch Short Film Pitch will take place on the 4th of April during Go Short in Nijmegen. Applicants are expected to be available during the pitch.
