Flexworker

For the volunteer who is flexible and likes surprises, the flex team is the place to be. As a flex worker, you work from the volunteer center and can be deployed anywhere. You fill gaps in the schedule, making you an indispensable part of Go Short. One minute you'll be helping with catering, the next you'll be taking surveys and then you'll be supporting with getting the movie theaters ready. So if you don't know how you want to help out during Go Short, or like to work varied shifts, the flex team is for you!

You are:

- Flexible!
- Multi-deployable
- Curious about all facets of the festival

Working hours: mainly during the festival, but maybe an occasional time before or after the festival.
